**Subject:** RPM Contacts in SEMS

Hi Kevin—the EPA webpage for Treasure Island lists me and also Melinda Garvey as RPM contacts, who left a few years ago. Can you check all the info in SEMS to make sure her name isn't listed? Here's where it's showing up and I've been told by the web folks this comes from SEMS. Also, are there entries in SEMS for State and RP contacts that we should keep updated? I've currently been just updating our lotus notes site overview pages but Treasure Island doesn't seem to have one because it's non-npl, and I understand that will be going away soon and everything linked to SEMS or the CEF sharepoint site edit forms.
